We think you will be impressed with her sheer size and capacity. Her sire "The Beast", was influential in adding so much substance to the McCombs herd. Check out her "WOW" pedigree below. We are retaining two daughters of hers for our program. She is bred to Jammin Tex, who has added lots of paint brindles on lighter-pigmented females as well as adding frame. Most of our daughters of Jammin Tex are 60" TTT at 24 mos.
