Cricket is double bred Rebel HR that was syndicated for \$112,500 earlier this year and sold half interest to Dean Whitlock and Richard Filip. Some of the most desired pedigrees in the industry in one package. Her sire Patriot HR is now over 90" TTT, and his dam is granddaughter of Hunt's Emperor Legacy, a full brother to HCR. Rebel over HCR genetics is a huge success. Take a look at the Grand Champion all around female at last year's HSC HR
