This colorful young female has given us a beautiful heifer out of a different bull for the last two years. She is a careful and attentive mama and her calves have as much color as she does. Her granddam is Sequential Stars, the dam of Kinetic Motion of Stars (103.5 TTT). We are keeping her heifers in our herd which enables us to offer her to a new breeder. She sells bred to Rebel HR for a Spring 2021 calf. Tested Johnes and BVD negative.
